This is my second KagaKuro book. When I went back and reread my very first KagaKuro book that was released a long time ago, it felt really embarrassing.

I drew a Kuroko-kun who goes all out because he really likes Kagami-kun (laughs).

At any rate, I think that the Kuroko-kun in this book also does things like that (laughs). To me, it feels like they've just started going out.

However, as usual, both of them really like each other this time, too. I really enjoyed drawing Kagami and Kuroko as a couple.

Thank you very much for reading!
